

An abstract graphic consisting of several overlapping, flowing lines in various colors including blue, green, yellow, orange, red, and purple. The lines are dynamic and interconnected, creating a sense of movement and complexity. They overlap each other in various ways, with some lines appearing in front of others, creating a layered effect. The lines start from different points and end at different points, but they all seem to be part of a single, interconnected system.

Interchange

Building links between first and final year students
to encourage knowledge exchange and community.

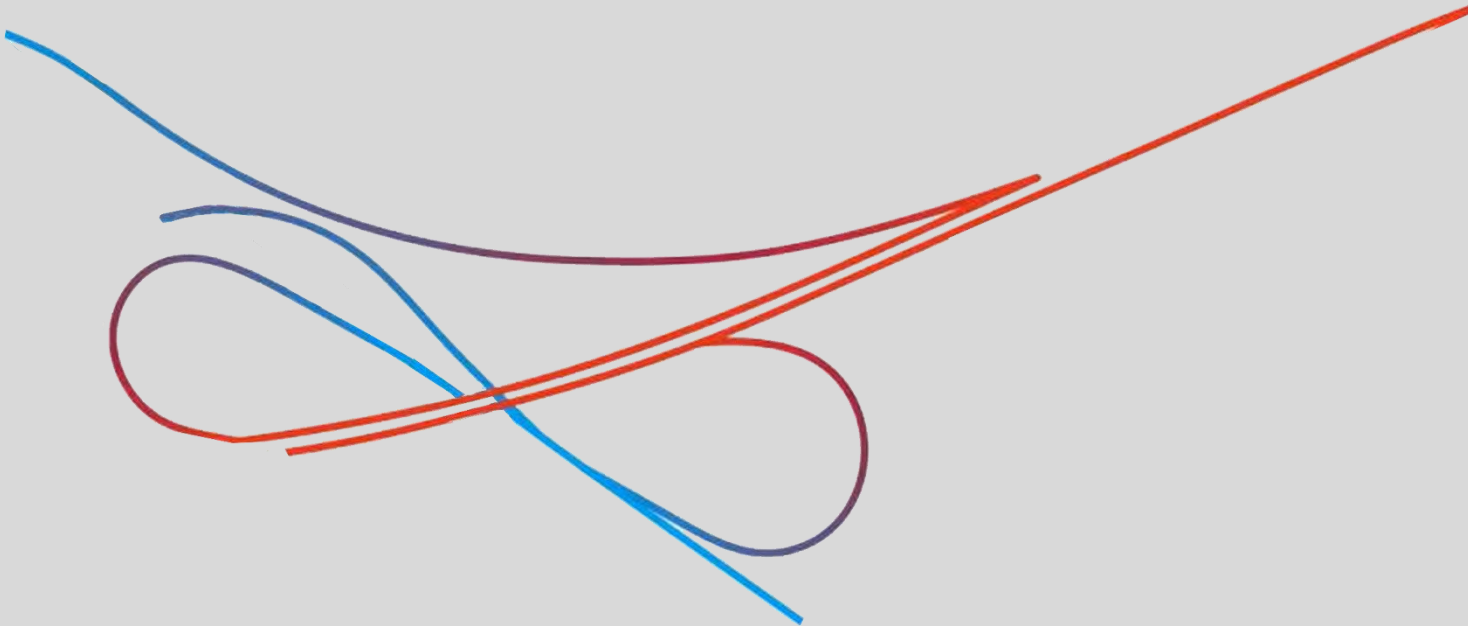

Meet the Year 3 students

- What are your names?
- Where are you from?
- What did you do before you came to Camberwell?
- Have you done anything different during the course?
(eg. international exchange, course transfer, CCI year etc)

Treasure Hunt

- You need to work in small teams with one third-year per team.
- Please introduce yourselves.
- You have up to 45 mins to complete the hunt. Please return to the studio by 3pm, if not before!

Treasure Hunt

- The clues will lead you around the building to places that you may find useful but perhaps are not familiar with. Use the guidance of your third-year to help you.
- In each location you will find an animal sticker. Write down which animal it is on your sheet.
- Find all ten animals as quickly as possible – I will be in the studio to note which order the groups return in.
- We will mark the sheets when everyone is back. The winning team is the one with the most correct answers in the shortest time.

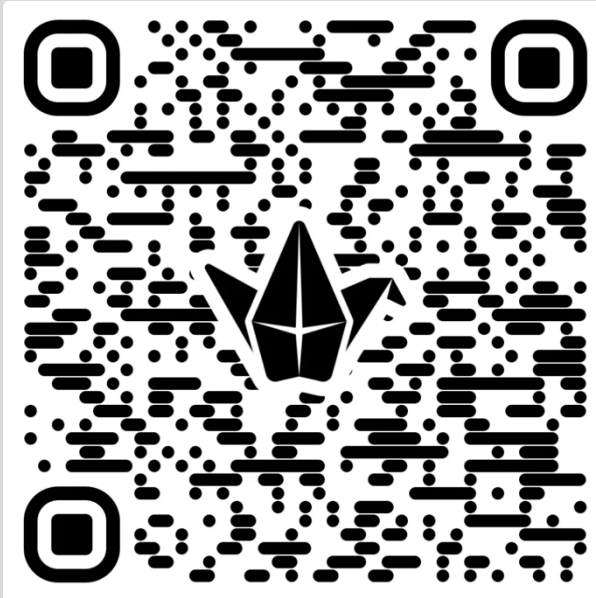

Good luck!
